

As we continue to implement healthcare reform and seek new strategies to improve patient care, pharmacists will play a critical role. As the chairman of the Senate Community Pharmacy Caucus, I believe Congress should look at every opportunity to make sure that pharmacists are allowed to utilize their training to the fullest to provide the services that can improve care and lower costs. In recognition of the sixth annual NACDS RxIMPACT Day on Capitol Hill, I congratulate pharmacy leaders, pharmacists, students, executives, and the entire pharmacy community represented by the National Association of Chain Drug Stores, for their contributions to the good health of the American people.●
